This strategic approach resulted in a significant increase in the response rate compared to previous reports. Building on this momentum, the Office will proceed with the full implementation of the Action Plan in the 2nd Quarter. However, data collection for this period reflected a lower score compared to the 1st Quarter, primarily due to the recent graduation of Batch 2024–2025, which took place only on July 14, 2025. As a result, fewer responses were captured within the current reporting timeline.
